THE RAC

RIVERDALE ART CENTER

A GROWING COMMUNITY,
THAT WAS ONCE A VISION.

OUR FOUR-PART MODEL INCLUDES:

- ▶ Gallery space for emerging and established local artists to display their art and share their work with the community.
- ▶ Educational art classes and seminars for adolescents and adults.
- ▶ Specially designed therapeutic art programs for those with special needs.
- ▶ Beautifully renovated studios in an old Riverdale factory where artists can create, collaborate, and improve their skills in a supportive environment.

We believe that the hands-on practice of art encourages a strong sense of well-being. By stimulating creativity and unleashing the imagination, art allows individuals to live fuller lives. The practice of art also has therapeutic properties and can contribute to healing those with special needs. All of our classes begin in January 2010.
